

1st TSESI Anterior & Lateral Skull Base Cadaver Dissection Course

2-5 August 2022

**Mohammed Bin Rashid Academic
Medical Center, Dubai, UAE**

Satish Jain

Lead Instructor:

**Anterior Skull Base Hands-On
Cadaver Dissection Course**

Daniele Marchioni

Lead Instructor:

**Lateral Skull Base Hands-On
Cadaver Dissection Course**

We are pleased to announce the 1st TSEI Anterior & Lateral Skull Base Hands-On Cadaver Dissection Course on 2 – 5 August 2022, at Mohammed Bin Rashid Academic Medical Center (MBRU), Dubai, UAE.

This is going to be the first dedicated State-of-the-art Skull Base Hands on Cadaver Dissection course in the entire MENA region. This one-of-a-kind course will showcase the expertise and knowledge of world-renowned surgeons in the field of Skull base surgeries. This course will provide a comprehensive overview of the surgical and radiological anatomy, different techniques & approaches in Anterior & Lateral skull base surgery.

The faculty will guide the participants from the consultation to the management of the most challenging cases. This course will be accomplished with Didactic lectures, pre-recorded surgical videos, panel discussion, and Hands-on cadaver dissection sessions.

02 & 03 August	Anterior Skull Base Hands-On Cadaver Dissection Course - DELEGATE	USD 2500 / AED 9125
02 & 03 August	Anterior Skull Base Hands-On Cadaver Dissection Course - OBSERVER	USD 600 / AED 2190
04 & 05 August	Lateral Skull Base Hands-On Cadaver Dissection Course - DELEGATE	USD 2500 / AED 9125
04 & 05 August	Lateral Skull Base Hands-On Cadaver Dissection Course - OBSERVER	USD 600 / AED 2190
02 - 05 August	OBSERVER for all 4 days	USD 1000 / AED 3650

Anterior Skull Base Cadaver Dissection Course

02 August 2022

2-5 August 2022

Mohammed Bin Rashid
Academic Medical Center
Dubai, United Arab Emirates

Course Director: Satish Jain

Faculty: Mahdi Shkoukani, Pankaj Gupta (Neurosurgeon), Mustafa Kapadia.

Lectures:

08:00 AM	Registration & Breakfast	
08:30 AM	Welcome & Course information	
08:35 AM	Understanding Anatomy of the Sino-nasal tract and Anterior Skull base	Satish Jain
09:15 AM	Practical approach to Imaging of Anterior Skull Base Pathologies	Satish Jain/ Pankaj Gupta
10:00 AM	Reconstruction of the Skull Base: From Free Grafting to Vascularized Flaps	Satish Jain
10:30 AM	Coffee break	
11:00 AM	Get into Dissection Lab	
11:15 AM	Dissection demonstration: Basic FESS and Draf Procedures	Satish Jain
12:15 PM	Hands on dissection: Basic FESS and Draf Procedures	
01:15 PM	Lunch break	
02:00 PM	Hands on dissection: Basic FESS and Draf Procedures (Continue)	
04:00 PM	Dissection demonstration: Different Vascularized Flaps in Skull Base Reconstruction and Modified Denker's Approach	Satish Jain
04:45 PM	Hands on dissection: Different Vascularized Flaps in Skull Base Reconstruction and Modified Denker's Approach	
07:00 PM	Close	

Anterior Skull Base Cadaver Dissection Course

03 August 2022

2-5 August 2022

Mohammed Bin Rashid
Academic Medical Center
Dubai, United Arab Emirates

Course Director: Satish Jain

Faculty: Mahdi Shkoukani, Pankaj Gupta (Neurosurgeon), Mustafa Kapadia.

Lectures:

08:00 AM	Breakfast	
08:30 AM	Anatomy of Internal Carotid artery	Satish Jain
09:00 AM	Principles of Extended Endoscopic Endonasal approaches (Indications and step by step surgical demonstration)	Satish Jain
09:45 AM	How to avoid complications during Anterior Skull base surgery	Satish Jain / Pankaj Gupta
10:15 AM	Coffee break	
10:30 AM	Get into Dissection Lab	
10:45 AM	Dissection demonstration: Trans-sellar and Trans-Planum approach	Satish Jain
11:45 AM	Hands on dissection: Trans-sellar and Trans-Planum approach	
01:00 PM	Lunch Break	
02:00 PM	Hands on dissection: Trans-sellar and Trans-Planum approach (Continue)	
04:30 PM	Dissection demonstration: Trans-pterygoid and Infratemporal fossa Approach	Satish Jain
05:00 PM	Hands on dissection: Trans-pterygoid and Infratemporal fossa Approach	
07:00	Close	

Lateral Skull Base Cadaver Dissection Course

04 August 2022

 **2-5 August 2022**
 Mohammed Bin Rashid
 Academic Medical Center
 Dubai, United Arab Emirates

Course Director: Daniele Marchioni

Faculty: Mohamed Badr-El-Dine, Satish Jain, Arturo Mario Poletti
 Mustafa Kapadia.

Lectures:

8:00 AM	Registration & Breakfast	
08:30 AM	Welcome & Course information	
8:35 AM	Understanding Anatomy of Lateral Skull Base and Beyond	Daniele Marchioni
9:15 AM	Key Radiological findings in Lateral Skull Base Pathologies	Daniele Marchioni
09:45 AM	Jugular Foramen Anatomy and Approaches	Mohamed Badr-El-Dine
10:15 AM	Selection of approach in Vestibular Schwannoma Surgery – A decision making	Satish Jain
10:45 AM	Coffee break	
11:00 AM	Get into Dissection Lab	
11:15 AM	Dissection demonstration: Sub-total Petrosectomy	Daniele Marchioni
12:15 PM	Lunch break	
01:00 PM	Hands on dissection: Sub-total Petrosectomy	
03:30 PM	Dissection demonstration: Retrolabyrinthine and Translabyrinthine approach	Daniele Marchioni
04:30 PM	Hands on dissection: Retrolabyrinthine and Translabyrinthine approach	
07:00 PM	Close	

Lateral Skull Base Cadaver Dissection Course

05 August 2022

2-5 August 2022

Mohammed Bin Rashid
Academic Medical Center
Dubai, United Arab Emirates

Course Director: Daniele Marchioni

Faculty: Mohamed Badr-El-Dine, Satish Jain, Arturo Mario Poletti
Mustafa Kapadia

Lectures:

08:00 AM	Breakfast	
08:30 AM	Endoscopic Anatomy of Inner Ear – Step by step dissection	Mohamed Badr-El-Dine
09:00 AM	Transcanal Transpromontorial Approach for Vestibular Schwannoma	Daniele Marchioni
09:30 AM	Middle Cranial Fossa Approach	Daniele Marchioni
10:00 AM	Coffee break	
10:30 AM	Get into Dissection Lab	
10:45 AM	Dissection demonstration: Transotic approach	Daniele Marchioni
12:00 PM	Lunch Break	
01:00 PM	Hands on dissection: Transotic approach	
05:30 PM	Dissection demonstration: Middle Cranial Fossa Approach Anatomy of Jugular Foramen/ Infratemporal fossa Approach	Daniele Marchioni Satish Jain Mohamed Badr-El-Dine
07:00 PM	Close
